PRIMARY EXAMINER

The following is an examiner's statement of reasons for allowance: Claims 1-25 are allowable over the references of record in that none of the references of record teach one or more physical modules operable to interface with one or more components having disparate physical interfaces and a plurality of queues associated with the physical modules and the conversion module, the queues operable to order the transmission of the data between the physical modules and the serial interfaces. Claims 26-38 are allowable over the references of record in that none of the references of record teach a method for disparate physical interface conversion comprising interfacing with one or more components having disparate interfaces and ordering in a plurality of queues data transmitted between the components and the serial interface. Claims 39-48 are allowable over the references of record in that none of the references of record teach one or more physical modules associated with the backplane, the physical modules operable to interface with one or more components having disparate physical interfaces and a management module associated with the backplane and the physical modules, the management modules operable to control the transmission of the data between the backplane and the components using a plurality of queues.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

A handwritten signature in black ink, appearing to read 'David Y. Eng', is written over the printed name and title.
